MUST GO TO PRISON.

Bauereisen, the Chief of the "Q." Dynamiters, is Doomed.

GENEVA, Ill., Jan. 23.—John A. Bauereisen, chief the Aurora division of the Brotherhood of Locomotive Engineers, must go to Joliet, unless the supreme court interferes. The motion for a new trial came up before Judge Wilson for decision this morning. The judge decided that Bauereisen was legally convicted of conspiracy against the "Q." road and ordered that the two years' sentence found by the jury go into effect.

For Embezzlement.

LAWRENCE, Mass., Jan. 23.—J. H. Prescott, of the firm of Prescott & Cox, lumber dealers, was arrested last night on the charge of embezzling several thousand dollars.

Next to getting married, probably the most important duty the ordinary man has to perform in a life-time is to run for a bottle of Dr. Bull's Cough Syrup when the baby has the croup.

Estrayed, about one week ago, one red steer three years old and one cow with tail cut off. A liberal reward will be paid for their return to Leikauf Brothers, 94 Barr street, Fort Wayne, Ind. 22-d2t-w1tpd

Flour Down 25c Barrel.

Orff's or Monning's best quality, $5.25 barrel.

Buckwheat flour, 40c sack.

FRUIT HOUSE.

The finest line of merchant tailor goods in the city is found at the establishment of Rabus, the tailor, No. 16 West Berry street. He is disposing of his large stock of winter goods as rapidly as possible to make room for the spring stock, and parties wishing anything in his line will do well to call and take advantage of the low prices he is offering. 15eod3t

MASKED ROBBERS!

They Attack a Train on the Cincinnati Southern Road, but are Driven Off.

CINCINNATI, Jan. 23.—The Cincinnati Southern train which left here at 8 o'clock last night, was attacked by masked robbers on the eight miles of up grade beyond Ludlow, Ky., but the robbers were driven off the express car. It is not known whether they were hurt or not. It is supposed they got aboard at Cincinnati. There are no particulars, except a message from the conductor at Lexington.

ROBERTSON AGAIN.

The Question of Paying Him Precipitates a Bitter Quarrel in the House.

INDIANAPOLIS, Jan. 23.—The quarrel over the lieutenant governorship question was revived in the house this morning, by the introduction of a resolution requiring the auditor of state to appear before the ways and means committee and state where he had ever paid out any any money to Lieutenant Governor Robertson, and if so, out of what funds and by what authority he paid it.

The leaders of the republican side of the house made bitter speeches in opposition to the resolution, declaring that it was introduced for the purpose of irritating old sores.

They stated that the auditor had paid money to Lieutenant Governor Robertson and that it was paid out of the same fund from which all preceding lieutenant governors had been paid.

Mr. Adams said that the democrats, not content with robbing Robertson of his seat, now proposed to take his pocket book.

The resolution was passed by a party vote.

Its passage means that the amount paid Robertson will be stricken from the general appropriation bill, and to open a way for getting the question of whether or not Robertson was really lieutenant governor before the courts.

CONGRESS.

The Tariff Bill Passes the Senate—Business Done.

WASHINGTON, Jan. 23.—After the reading of the journal, the house went into the committee of the whole on the sundry civil appropriation bill.

SENATE.

The tariff bill was passed in the senate yesterday, by a vote of 32 to 30.

In the senate to-day, Mr. Hale reported back with amendments the house bill to provide for taking the eleventh census.

Mr. Sherman reported two amendments to the diplomatic and consular appropriation bill, to protect the interests of the United States in the Samoan islands.

The senate has passed the concurrent resolution providing for the count of the electoral vote for president and vice president in the hall of the house of representatives at 1 o'clock, p. m., on Wednesday, February 13, next.

As a result of the meeting of the foreign relations committee this morning, Mr. Sherman reported to the senate an amendment to the consular and diplomatic appropriation bill to insert the following:

"For the execution of the obligations and the protection of the interests of the United States under the treaty between the United States and the government of the Samoan islands, $200,000 or so much thereof as may be necessary to be expended under the direction of the president. This appropriation to be immediately available."

CONGRESSMAN BURNS.

WASHINGTON, Jan. 23.—Representative Burns, of Missouri, was stricken with paralysis while on the floor of the house, at 2:30 this afternoon, He was at once removed to the house committee room on appropriations and several doctors summoned.

At this hour, 3 o'clock, he is conscious, but his condition is critical.

HUNG HIMSELF.

RUSHVILLE, Ind., Jan. 23.—Thomas Reid, aged fifty-four, living seven miles west of the city, suicided by hanging. His wife discovered him with a rope around his neck and tried to save him. He kicked her in the head and succeeded in killing himself. He had long been afflicted with nervous trouble and was a cousin of Whitelaw Reid.

Rt. Rev. Bishop Dwenger went to South Bend and Notre Dame at noon today.

JOHN WANNAMAKER,

The Philadelphia Merchant, Visits General Harrison.

INDIANAPOLIS, Jan. 23.—John Wannamaker has arrived here. He will return to-night. He is President-elect Harrison's guest. No doubt remains here that he will enter the cabinet either as postmaster general or secretary of the navy.

AS OTHERS SAW THEM.

The Richmond Papers Give the Fort Wayne Visitors a Send Off.

The Richmond *Palladium* has this personal gossip;

"Mayor Muhler and a committee of councilmen of Fort Wayne, consisting of the following gentlemen: J. J. Williams, G. W. Ely, B. S. O'Conner, S. B. Bond, W. W. Worthington, Henry Hilbrecht, Charles Bash, Henry C. Paul, Louis Hazard, D. L. Shordan, visited this city last evening for the purpose of obtaining information regarding our natural gas supply—whether it was satisfactory to our people, its cost, the kind of franchise given the company, the cost of the gas, etc. Fort Wayne, like Richmond, drilled numerous wells in the hope of obtaining natural gas at home, but the effort proving unvailing, it has been determined to pipe gas from Hartford City, and a company has been organized for that purpose.

"At the conclusion of council, Mayor Moore and the members of the council met the gentlemen from Fort Wayne at the Huntington house and assured them that it would be a pleasure to give them any information regarding the use of natural gas in this city, the terms and nature of the contract with the Richmond natural gas company, the ordinance under which the company is acting, etc. The fathers and mayors of the two cities then engaged in a chat on the subject, and the Fort Wayne visitors doubtless received "pointers" that were of value to them.

The visitors were then taken to the city building and shown through all the departments, including the basement, where the furnace that supplies the entire building and the city prison with heat is located. There were then taken to No. 2 engine house and were shown the workings of the fire department by Chief Parsons, and expressed themselves as being highly pleased not only with the completeness of the engine house, but the quick work done in getting ready to respond to an alarm of fire.

"On the invitation of Mr. Elgar Hibberd, secretary of the natural gas works, the party accompanied him to the regulator at the west end of the Doran bridge, where they were favored with a natural gas display from the stand pipe erected there.

"On returning to the city an alarm of fire was turned in from box 45, Main street, which was responded to promptly and in remarkably short time, the No. 1's making the run in two minutes and two seconds and the No. 2's in one minute and thirty-six seconds.

"The visitors returned home on the 11 o'clock train last night. They expressed themselves as being well pleased with their visit, and the courtesies that had been extended to them."

ANOTHER EFFORT.

Business Men Asked to Subscribe Towards Retaining the Electric Light Works.

Mr. P. A. Randall is interviewing business men and capitalists with a view to interesting them in the movement to retain the Jenney electric light works, in this city. The officers insist that unless something is done the works will go away from Fort Wayne.

Mr. Randall feels that a slight effort on the part of our citizens would save us this industry and he is soliciting subscriptions.

A Wabash Bride and Groom.

WABASH, Ind., Jan. 23.—Miss Nellie King, daughter of G. N. King, a prominent banker here, was married at noon to-day to W. D. Snavelly, deputy county clerk. The ceremony took place at the elegant home of the bride, and was strictly private. Mr. and Mrs. Snavelly left for a wedding tour immediately after the ceremony.

The Lafayette Strike Settled.

LAFAYETTE, Ind., Jan. 23.—Officials of the Lake Erie and Western railroad yesterday afternoon effected a settlement with the striking freight brakemen. The men are to receive two cents per mile for through freight, and another man is to be added to local crews. Other demands of the strikers were ignored.

The council will meet again to-morrow night to consider the amendments to the natural gas ordinance.

COAL GAS!

From a Small Stove Suffocates Two Sailors in Their Bunks, on a Steamer.

BROOKLYN, Jan. 23.—Daniel Desmond and John Walsh, two deck hands on the steamship Holstein, lying at Martin's Stores, were last night found dead in their bunks, having been suffocated by coal gas, from a small stove in their cabin. Their bodies were removed to the morgue.

CONDENSED TELEGRAMS.

Small pox at nine different places in Michigan.

Eight brick business houses of Unionville, Mo., were destroyed by fire last night, causing a loss of $70,000.

Baby Williams, six months old, saved a whole houseful of persons from being roasted alive yesterday morning, at New York.

Diphtheria is prevailing to an alarming extent in some parts of Pennsylvania and many deaths are resulting from it.

Victor Beaumont, better known as "Wild Horse Charlie," of New York, is selling out his business in Newburg, preparatory to going to Africa in search of Stanley.

On Monday night, Samuel Hatton, an employe of the Rock Island railroad shops at Riley, Kan., shot and killed Mrs. W. H. Beale, and fatally wounded her two-year-old daughter, who died yesterday.

In the New Jersey assembly, this morning, the bill to adopt the Australian system of voting in that state was favorably reported. In the joint session the re-election of United States Senator McPherson was formally announced.

HOME GOSSIP.

Mrs. C. D. Law went to Chicago today.

Mr. M. W. Simons, of Plymouth, is a guest of the Wayne.

Franklin G. Zeis and Clara E. Miller have been licensed to wed.

Miss Randall's advance dancing class will meet this evening at the hall.

Mrs. James Humphrey, of Bluffton, was in the city to-day on a shopping tour.

Mr. J. C. Lilly, of Pierceton, Ind., is visiting relatives in the city for a few days.

Miss Bertha Hirsch, a saleslady in the employ of Louis Wolf & Co., is visiting relatives in Chicago.

Miss Florence Messimore, of Sydney, Ind., is the guest of Miss Estella Thompson, of South Wayne.

The Scottish Rite Convocation here to-morrow will be the greatest Masonic event in the history of Northern Indiana.

Mr. George Brown observed his birthday anniversary yesterday and his friends gave him an elegant scarf pin. Mr. Brown's age is uncertain.

Hon. Montgomery Hamilton was a a distinguished guest at the council meeting last night. Mr. Hamilton used to grace a seat in the municipal legislature.

This Morton club will give its fashionable weekly reception to-morrow night. Dr. Laubach has a rare musical treat in store for its members and their ladies and guests.

James Fry, who struck Tom Middleton with brass knuckles, at Maples, went before a justice down there and a light fine was assessed, thereby cheating Justice Ryan out of the case.

The council last night transferred the country produce market from Calhoun street to Harrison and Barr streets. As soon as the change is sufficiently advertised, Marshal Meyer says he will enforce the new ordinance.

The Emmet Guards a branch of the Catholic Legion gave a reception and banquet, at the Standard hall, last night. The affair was exclusive and this precludes the possibility of giving it the newspaper mention it deserves.

Mr. Larry Ryan returned from Springfield, Ohio, this morning, and reports that his mother, who suffered from a paralytic stroke, is improving. While there he met a sister who resides in Albert Lee, Minn., and whom he had not seen in fourteen years.

The funeral of Mr. Xavier Vaugier took place this morning from the Cathedral, and the old Napoleonic soldier now lies at rest, with an ocean separating him from the land of his birth and battle-fields. Chancellor Lang preached Mr. Vaugier's funeral sermon at the Cathedral. He paid tribute to the deceased in French and then repeated his eulogy in English.

TOTAL DEPRAVITY.

A Fort Wayne Girl Forced to Live a Life of Shame by Her Husband at Toledo—A Dark Picture.

The Toledo *News*, of yesterday, publishes a strange story of total depravity in which a Fort Wayne woman figures. Some time ago a man and woman came to that city and registered at the St. James hotel. He was a dudish young man of low stature, with a plug hat, last summer's suit of clothes, and a rather prominent Roman nose. He was accompanied by a neatly dressed lady, and the register showed them to be Mr. Smith and wife. Mr. Smith soon gained the confidence of the guests by his genial and gentlemanly manner, and all thought him a successful insurance agent—the business he professed to be in.

It was soon suspected that Mrs. Smith was not his wife, and that he was living off the proceeds of her shame and disgrace. The parties were expelled from the hotel, and changed from one boarding place to another, and finally got to the Hotel Hamilton, where, for some time, he lived in clover, flirting with the pretty dining-room girls and spoiling bushels of cinnamon-scented tooth-picks.

A reporter got onto the track of the fellow, and learned of the existence of a child about two years of age, who looked upon Smith as its father, and that Mrs. Smith was now in a house of ill-repute, where Mr. Smith had put her.

Last Saturday the child was kidnapped. It was supposed, there being some trouble between Mr. Smith and his wife, he used this method of bringing his wife to time. The reporter learned that Mr. and Mrs. Smith were married, and that she was in possession of the marriage certificate, also Mr. Smith's insurance policy, made out in her favor; that they came here from Fort Wayne, where he was an active member of the Tippecanoe club of that city.

Mrs. Smith next turned up at a house of Mrs. Stevenson, but left there Saturday afternoon for a walk, but before going sent a note containing $5 to Mr. Smith with which to pay his board. She did not return till after 7 o'clock. Being much agitated, her landlady asked her what was the matter. She replied that her husband had taken their child. Miss Stevenson here showed a letter addressed to Mrs. Smith, bearing the postmark of Cincinnati, where she thought Mr. Smith had gone. She said that Mrs. Smith was now stopping at a hotel in Toledo, but would return to her home in Fort Wayne Wednesday.

It is rumored that certain prominent Toledoans have been parties to this infamy. The proofs are not yet complete, but what is known is bad enough. The question now is, "who is Mrs. Smith?"

OUR COMING GUESTS.

Mayor Muhler Arranges to Bring the Legislative Party From Richmond in a Special Car.

Mayor Muhler has been very active in arranging a reception for the legislative committees coming to view the school for the feeble minded youths.

He has arranged with President Hughart, of the Grand Rapids and Indiana road, to bring the party from Richmond to Fort Wayne in a special car, and Hon. W. H. Shambaugh telegraphed Mr. Muhler this afteroon that he expected fifty or more in the company from the capital.

The legislators are to be in charge of the Fort Wayne senators and representatives and will go to Richmond Saturday next to see the inmates now temporarily cared for in the insane asylum building there. Saturday afternoon they leave Richmond for Fort Wayne, arriving here in the evening. They wil be driven to the Wayne hotel, where a banquet will be spread, and where some fifty business men are expected to greet them around the festal board, on the invitation of the Business Men's exchange.

Mayor Muhler will welcome the visitors to the city and Mr. S. M. Foster will speak for the business men.

Senator Barrett will arrange a number of toasts for the visiting statesmen. The occasion promises to be a most delightful one.

The party will remain with us until Monday, at 1 o'clock, and in the meantime will be shown the sights of the metropolis of Northern Indiana.

Mr. Frank Falker and Mr. O. B. Wiley will accompany the legislative party to this city next Saturday.

The gamblers and crooks driven out of Chicago by the exposures of the *Times*, are flocking to Fort Wayne. These people have no business here and the police should serve on them notice to depart.

WASHBURNE ELECTED

Senator of Minnesota This Morning by a Decisive Ballot—Charges of Bribery.

ST. PAUL, Minn., Jan. 23.—The joint ballot of the house and senate for United States senator resulted, at 1:05 p. m., as follows: W. D. Washburne, 107; Durant, 20; Start, 9; Wilson, 2. Clapp, 1; Bowen, 1; Judge Rea, 1. The whole number of votes cast were 141; necessary to a choice, seventy-one. Mr. Washburne, having received the necessary number of votes, was declared elected. Charges that money was paid for votes are freely made.

AFTER ALVIN.

Ed. Myerson, of Fort Wayne, Forcing Davis and His Diamonds Into Court.

Mr. Ed. P. Myerson will be readily recalled by Fort Wayne people, having lived here and in his way captured the city.

The New York *Evening Post* says of him:

"The unusual spectacle of a man insisting on being tried on a criminal charge is presented by Edward P. Myerson, the theatrical agent, who was arrested last summer charged with having stolen $100 worth of diamonds from Charles L. Davis, an actor.

"For some reason the prosecution has not been pushed, and Myerson has been postering the district attorney, asking to be indicted. He was at last accommodated, and was rejoiced yesterday when he was arraigned before Judge Gildersleeve in general sessions and pleaded not guilty.

"His lawyer asked for a speedy trial and it will probably be granted. There is a story back of this that may come out on the trial. Myerson retaliated by having Davis arrested for having improper pictures in his possession and bringing a civil suit for damages, neither of which cases have come to trial.

"The jewelry has been returned, and it is rumored that efforts have been made to compromise with Myerson."

"OUR JIM."

He Mistakes a Reporter For a Prosecuting Attorney at Indianapolis.

The Indianapolis *Journal* says:

"It was understood that a convention of prosecuting attorneys from the different counties of this commonwealth would meet at English's hotel, yesterday afternoon, to consider a proposed reduction of their fees by the legislature, but a call at the hotel by a *Journal* reporter only developed the presence of three gentlemen of the class referred to, and all of them evinced a vigorous disinclination to being considered a convention of any kind. J. M. Robinson, of Fort Wayne, who has recently been elected the prosecuting attorney for Allen county, and who was apparently under the misguided impression that the reporter was a prosecutor, gave him a hearty welcome at first, but relapsed into a condition of strained desuetude when apprised of his mistake. He said he had not heard of any meetings of state's attorneys. He had understood that there was some talk of a meeting of city attorneys, but was not apprised of the particulars. The meeting of the trio present was a sort of an accidental, informal affair, without any preconcerted understanding, and was destitute of any views, purposes or information.

ANNUAL REPORTS.

The annual reports of the mayor, city clerk, city treasurer, city civil engineer, street commissioner, chief of fire department, weighmaster, marketmaster, trustees of the water works and secretary of the executive committee of the board of health (which are printed in full in pamphlet form and are attached to and made a part of these records) were presented and on motion were referred to the proper committees.

REPORT OF CITY TREASURER.

In connection with my annual report submitted to-night, I wish to explain that previous to the year 1888, the report was made on the first day of April, but according to the resolution of the council this report was changed to January 1 of each year. In making out the last annual report for 1887, the pay role of December salaries was paid on January 1, and entered accordingly in January, or the next year's report. This year the december pay roll was paid on the 31st of December and was as it should be entered in the December report and in this years annual reports. This is right and proper, because the pay roll of December, 1888, is a part of this years expenses and should not be charged to the year 1889.

REPORT OF STREET COMMISSIONER.

Permit me to suggest to your honorable body that when the spring opens it will be necessary for the city to have fifteen or twenty car loads of fine broken stone for the porpose of repairing the macadamized streets of the city as they are getting in very bad condition.

I would further suggest that in the event of the city purchasing a street sweeper in the coming spring I think it would be advisable for the city to own a team of horses to work said street sweeper, and to do other work connected with the street department, as I believe it would pay the city in the end.

DENNIS O'BRIEN,
Street Commissioner.

Referred to the committee on streets and alleys.

RESOLUTIONS.

Resolved, That the committee on streets and alleys be and they are hereby instructed to purchase two car loads of broken stone to be used in repairing macadamized pavements.

H. A. READ.

Adopted.

Resolved, That the chief of the fire department be and he is hereby instructed to advertise for the purchase of a heavy active team of horses suitable for an engine team.

H. A. READ.

Whereas, The proposition to pipe natural gas into our city and the visits of our citizens to those cities already having natural gas has caused the question to be agitated among our people and it is believed by a great many that were the proper effort made and the proper parties employed, that natural gas can be secured near our own city. Therefore, be it

Resolved, That the mayor appoint a special committee of five members of this council, whose duties it shall be to thoroughly investigate the feasibility of the cities boring its own wells to ascertain the probable cost of said wells and such other information as may be of benefit to the city.

The Experience of Mrs. Peters.

Mrs. Peters had ills,
Mrs. Peters had chills,
Mrs. Peters was sure she was going to die;
They dosed her with pills,
With powders and squills,
With remedies wet, and with remedies dry.
Many medicines lured her,
But none of them cured her,
Their names and their number nobody could tell;
And she soon might have died,
But some "Pellets" were tried,
That acted like magic, and then she got well.

The magic "Pellets" were Dr. Pierce's Pleasant Purgative Pellets (the original Little Liver Pills). They cured Mrs. Peters, and now she would't be without them.

THE CHAS. A. VOGELER CO. BALTO. MD.

A CURIOUS problem was presented to Pittsburgh and Allegheny City when the use of natural gas became general in the twin cities. It had been the custom of the householders to dispose of the most of the garbage and refuse by burning it in the kitchen range. The use of fuel gas at once prohibited this. Not a wisp of straw nor a match can be tossed into a gas grate or range, much less even the smallest portion of vegetable matter. To meet this emergency a garbage and refuse cremation company was established and a crematory built. The company has its carts which make rounds regularly, and householders who can pay for the privilege have their refuse cans as regularly in waiting. Their contents are conveyed to the huge furnaces, and speedily converted into another combination of particles.

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating

Sick Headache

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by impure blood, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

WORTHY WORK.

Report of the Work of the Ladies' Relief Union.

At the meeting of the Ladies' Relief union, at the Y. M. C. A. building, yesterday, the superintendent, Mrs. Eckels, read the following report:

To those less intimately acquainted with the every day life of the society and to our new friends, a brief sketch of the work for the last three months may not be without interest.

With the fall and winter the number of calls for assistance increase. Now is the time when children start to school and clothing, shoes and books are in demand, work becomes scarcer and those who have barely succeeded in making a living during the summer find themselves without the means for procuring the necessaries of life and occasionally at this time sickness enters the home. It is in such cases as these that the assistance of the Relief union is most serviceable.

As examples of the many cases which have come to our notice a few are here given. The first is that of a family living in the eastern part of the city.

When visited the woman was found putting on the boiler to wash, and her babe, not two weeks old, crying lustily, and two other small children were playing about. When questioned she said that they had come here from another state and although her husband was industrious, he had been out of work for four weeks, having formerly been employed as teamster for a wood yard.

Another is that of a widow with four children, the oldest of which is deprived of schooling, as it is necessary for her to remain at home in charge of the smaller ones, one of which—a boy of eight years—is a deaf mute, while the mother is engaged in picking rags for $1.40 per week.

Another is that of a family of three—the father disabled for three months by rheumatism, and during this time the mother in bed with fever; the son a boy of seventeen years, who is learning the tailor trade is their only support, his earnings amounting to $2.50 per week.

Besides the regular subscriptions for supplying these needs various other methods have been resorted to for raising funds. A dinner was given upon the day of Mr. Thurman's visit to the city, by which a goodly sum was realized. Later, by invitation, the members of this society united with the ladies' auxiliary of the Y. M. C. A. in giving an annual supper at their rooms. This was pleasant and profitable and the receipts were equally divided between the two societies.

Just before Thanksgiving an appeal was made through the churches of the city for supplies of all kinds, which was very generously responded to. Besides providing good Thanksgiving dinners for a number of families, an abundance of clothing and provisions was left for winter supplies, and these are given out to applicants at the office, which is open every week day from 10 o'clock to noon.

As the holidays approached, the proprietor of one of the city papers suggested the idea of a Santa Claus fund, which was to be raised by voluntary donations of the children of the city, and used for buying presents for the children of the poor. This plan was heartily entered into by the children, and their offerings promptly found their way into the treasury. Then members of this society were chosen to purchase and arrange the presents for distribution. This they did, using the money, about $30, for the purchasing of books, toys, &c., and selecting suitable presents for the children in forty (40 families, and marking the name and address on each package, all of which were sent out on Christmas eve.

The industrial school, which was opened in 1884, and has, with the exception of a few weeks, during the scarlet fever epidemic and the midsummer vacations, been carried on without interruption since its organization, is still conducted every Saturday afternoon. Although the object, which is to give instruction in sewing, neatness, &c., to girls whose mothers are unable either from lack of knowledge or time, to teach them, has been much retarded by the inconvenience of the rooms and location, yet the results have not been altogether unsatisfactory. For the last year the number of pupils has been limited to thirty, and new applicants were refused admission until more commodious apartments could be procured At the beginning of the winter, after conferring with the Y. W. C. T. U., which has the kitchen garden for teaching housework under its control, it was proposed to join with them in renting a hall which could be used by both, and the girls of the industrial school have instruction in kitchen garden work also. This proposition met with the approval of all, and Arion Hall was secured at an expense, including fuel, piano rent, &c., for six months, of about $100, this expense to be borne in equal shares by the two societies.

The receipts from the sale of articles made by the pupils have been used for purchasing more materials.

Anyone completing a garment has the privilege of purchasing the same at a nominal price.

A BANKER in Lille, France, had the misfortune to wet eighteen bills of the Bank of France, and in order to dry them he placed them on a board at an open window where the sun shone upon them. They dried more rapidly than was anticipated. A gust of wind carried them into the street, where, unfortunately, a goat picking up odds and ends at once captured the bank bills and swallowed them. The goat was purchased and the bills secured in a very dilapidated condition, but the Bank of France recognized its obligations and redeemed them.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly remarkable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

THE life insurance companies of this country charge negroes one-third higher premiums than they do other people according to a New York paper.

Ayer's Pills cure constipation, improve the appetite, promote digestion, restore healthy action, and regulate every function. This medicine is pleasant to take and gentle in its operation. See article in Ayer's Almanac.

A CALF jumped on the pilot of a rapidly moving train on the Southern Pacific and rode nine miles, till the car stopped. It then scampered off about its business.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe ree of charge. O13deod4m-weow15t

A ST. LOUIS sportsman recently procured in Oregon a trophy that is one of the greatest curiosities of its kind in the world. It consists of a large and perfect pair of caribou antlers, which are entirely covered with a fine, close growth of hair.

ECZEMA CAN BE CURED.

The most agonizing, humiliating, itching, scaly, and burning Eczemas are cured by the Cuticura Remedies, when physicians and all other remedies fail.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your Cuticura Remedies so highly recommended, concluded to give them a trial, using the Cuticura and Cuticura Soap externally, and Resolvent internally for four months. I call myself cured, in gratitude for which I make this public statement.

Mrs. CLARA A. FREDERICK.
Broad Brook, Conn.

Eczema Three Years Cured.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Resolvent.

J. W. ADAMS, Newark, O.

Eczema on Baby Cured.

My baby has been troubled with eczema on his face, neck, head, ears, and entire body. He was one mass of scabs, and we were obliged to tie his hands to prevent his scratching. I have spent dollars on remedies without effect, but after using one box of Cuticura and one cake of Cuticura Soap, the child is entirely cured. I cannot thank you enough for them.

F. W. BROWN,

Eczema on Hands Cured.

Two years and a half ago Salt Rheum broke out on my right hand. It appeared in white blisters, attended by terrible itching, and gradually spread until it covered the entire back of the hand. The disease next appeared on my left hand. I tried many remedies, but could find no cure until I obtained the Cuticura Remedies, which effected a speedy and permanent cure.

A WORD ABOUT CATARRH.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established it eats into the very vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings, leading to a fatal termination. Sanford's Radical Cure, by Inhalation and by Internal administration, has never failed; even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly driven out."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, neatly wrapped in one package, with full directions; price, $1.00.

To Assist Nature

In restoring diseased or wasted tissue is all that any medicine can do. In pulmonary affections, such as Colds, Bronchitis, and Consumption, the mucous membrane first becomes inflamed, then accumulations form in the air-cells of the lungs, followed by tubercles, and, finally, destruction of the tissue. It is plain, therefore, that, until the hacking cough is relieved, the bronchial tubes can have no opportunity to heal. Ayer's Cherry Pectoral

Soothes and Heals

the inflamed membrane, arrests the wasting process, and leaves no injurious results. This is why it is more highly esteemed than any other pulmonary specific.

L. D. Bixby, of Bartonsville, Vt., writes: "Four years ago I took a severe cold, which was followed by a terrible cough. I was very sick, and confined to my bed about four months. My physician finally said I was in consumption, and that he could not help me. One of my neighbors advised me to try Ayer's Cherry Pectoral. I did so, and before I had taken half a bottle was able to go out. By the time I had finished the bottle I was well, and have remained so ever since."

Alonzo P. Daggett, of Smyrna Mills, Me., writes: "Six years ago, I was a traveling salesman, and at that time was suffering with

Lung Trouble.

For months I was unable to rest nights. I could seldom lie down, had frequent choking spells, and was often compelled to seek the open air for relief. I was induced to try Ayer's Cherry Pectoral, which helped me. Its continued use has entirely cured me, and, I believe, saved my life."

"The Gladstone" LAMP

is the finest lamp in the world. It gives a pure, soft, brilliant white light of 85 candle power,—a *marvelous light from ordinary oil!* Nobody ever supposed such a light was possible from kerosene oil; yet it is there, and

Seeing is Believing

A "wonderful lamp" it is in all respects. It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil;" no gumming up, no leaks, no sputtering, no climbing of the flame, no annoyance of any kind, and cannot explode. And then, beside all these advantages, think of a lamp giving a *clear, white light*, 10 to 20 times the size and brilliancy of *any ordinary house lamp!*

The Gladstone" is made of high-grade, hard rolled metal (all parts interchangeable), and in elegant designs for Dining or Parlor Table, the Study, Drawing-room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. **Every home should have it.**

Illustrated price list will be sent you on receipt of a postal card. Single lamps at *wholesale price*, with or without porcelain shade, carefully boxed and sent by express to any part of the country.

☞ See our prices and then order. "*Seeing is believing.*" Address Gladstone Lamp Co., 10 East 14th St., New York City. A live Agent wanted in every town to sell these lamps.

The romantic but true story published in this paper last Satuday, concerning an anonymous correspondence that was carried on between a young white lady of this city and a colored gentleman residing elsewhere and their subsequent meeting and the scene that followed, was afterwards telegraphed to several metropolitan papers, among which were the St. Louis *Post Dispatch* and the Indianapolis *Sentinel*. Our reporter in his account gave no names, but both these papers gave the name of the young lady as Miss Carrie Guthrie. THE SENTINEL reporter has the correct name of the young lady on his note book, but recognising the fact that its publication would only injure her, he witheld it in writing up the episode.

THE RAILROAD BUDGET.

The Story of a Dog's Death Under the Locomotive's Wheels—Other News and Gossip.

W. S. Shoemaker, of the Wabash railway, is in the city on business.

A. H. Polhamus, foreman of road engineers on the Pittsburg, is at Chicago.

Capt. F. F. Boltz, of the Olds wheel works, has returned from a southern trip.

Lewis Arieom, machinist, was employed at the Pittsburg machine shops to-day.

William Connors took a position as machinist at the Pittsburg shops this morning.

Supt. P. S. O'Rourke, of the Grand Rapids and Indiana railroad, is at Grand Rapids.

The Minnesota legislature wants to do away with the common stove in railroad passenger cars.

Max Claus, of the Bass moulding rooms, was attending the wedding of a friend last night.

The railroad watch tower on Hanna street, near the Bass works, is gradually approaching completion.

T. R. Pickard, superintendent of the Bass foundry and machine works, has returned from St. Louis.

J. A. Sheppard, passenger agent of the great Rock Island and Albert Lea routes, with headquarters at Chicago, is in the city.

Art Dougal, clerk at the Bass works, will recite one of Burns' poems at the celebration of the poet's birthday Friday evening.

James Quilliman, a clerk employed in Mr. Meegan's office at the Pittsburg shops, is off duty on account of inflammation of the eyes.

Charley Sossenheimer, clerk at the Pittsburg copper shops, and a very pleasant fellow, too, is anxious for the spring days to come.

Frank Freedman, of the Bass moulding rooms, was married last evening and gave a very pleasant reception to the boys at the works.

Colonel Harry Crawford says that the whole of the Wabash system will be taken out of the hands of the receivers, and turned over to the purchasing committee by the middle of March.

John Brown, of the Pittsburg storekeeper's office, is an enthusiastic admirer of Bobbie Burns. Mr. Brown was born and raised in Scotland, and has good reason to feel proud of his native country's bard.

The Railroad Building, Loan and Savings association met last night, at Rathbone hall, and loaned out to the highest bidder the accumulated surplus. F. D. Cassanave is president, Charles Howey secretary and C. Hettler treasurer.

Frank Robinson, superintendent of motive power of the Maine Central road, has been offered $4,000 a year to go to Persia to accept a similar position on a Persian road. This road has contracted in Philadelphia for locomotives and other heavy rolling stock.

Receiver McNulta, of the Wabash, has been given permission by the United States court to purchase 6,000 tons of steel rails and to expend therefor and in laying them $125,000 this year. He was also authorized to have constructed three new mail cars, to cost $10,500.

E. A. Eord, general passenger agent of the Pennsylvania lines west of Pittsburg, and H. R. Dering, assistant general passenger agent, who have been on the Pacific coast for a couple of weeks, left San Francisco on Friday last for the east. They are expected home on Thursday.

The master mechanic of the Chicago and Eastern Illinois road has invented a device which he calls the "air locomotive bell ringer." All the engineer does is to turn on the air when the engine approaches a crossing or any other place where it is necessary to ring the bell, and it rings. It is a simple affair, costing only $15 to put it on a locomotive.

Gus Guerrero, the champion runner of the world, passed through the city last evening on a Pittsburg train, bound for San Francisco, where he is to engage in a match. He gave an exhibition of his speed at the depot. He is a fine looking athlete and has a record for running 300 miles in forty-eight hours. He can beat a horse in that distance by 108 miles.

Engineer James McMullen, of the Pittsburg road, had an experience while on one of his regular runs the other evening. As his train was speeding along the track in the darkness, near Warsaw, west of this city, it ran over a dark object that gave utterance to a fearful death shriek as it was crushed by the wheels. Believing that he had killed a man, he stopped his train and ran back to the place where the mangled remains were laying alongside the track. He dismounted and went to the spot and found they were only those of a dog. Saddened by the thought that he had even unintentionally taken the life of a dumb brute, he resumed his run, and as he tells the story, one can see that he is visibly affected by his experience of that night. Only a dog! But it was somebody's pet and somebody mourns its death.

LEGISLATIVE PROCEEDINGS.

The New and Important Bills Introduced Yesterday—Favorable Action on the Old Bills.

INDIANAPOLIS, Ind., Jan. 23.—After the trick of the republican representative, Nugent, of Evansville, to vote for local option Monday, and have the house journal show that he voted against it in order to fool his brewery constituency at home, was exposed, the house got down to business.

House bill number 137 was taken up where it was left off yesterday afternoon. The bill authorizes the burial of indigent soldiers of the state at an expense not to exceed $35. The favorable report of the committee was adopted.

Twenty-five hundred dollars per year is the salary which is provided for the wardens of the state prison in a measure introduced by Mr. Beasley.

Bill No. 70, designed to prevent slander, was reported upon favorably by the committee on rights and privileges. It provides a fine of from $5 to $500 and imprisonment not to exceed six months upon conviction of slander. The repeater of a slander is made an offender on the same terms as the original slanderer.

McGovney's bill for the removal of driftwood from streams was recommended to pass by the committee to which it was referred, and, after a second reading, was engrossed. The committee on rights and privileges reported favorably on the bill of Mr. Hess, making it unlawful to destroy or withhold from their owners discharges and other papers of ex-soldiers. Mr. Hess explained that the bill is meant for the relief of soldiers' and sailors' widows who have placed their papers in the hands of pension agents and now can not get them again. The agents have in scores of cases held these documents, which are valued very highly by their owners, in order to compel the owners to re-employ them in case of other claims arising against the government in which legal aid is necessary. The bill was engrossed.

Representative Metzger's bill requiring owners of traction engines, when running over streets or highways, to send ahead a man fifty yards in advance to give warnings to drivers of teams of the approach of the engine, was read a second time, together with the favorable report of the committee. Mr. Willard moved that the emergency clause should be stricken out, as it was not customary to attach an emergency clause to bills prescribing penalties. The proposed amendment was accepted by the author of the bill.

Another bill that passed through second reading to engrossment was the one introduced by Representative Custer creating a live stock sanitary commismission, composed of three members, who shall be elected by the general assembly; a state veterinary surgeon to be chosen in the same way. The salary of the commissioners is fixed at $4 a day, while employed, together with allowance of expenses, and the veterinary surgeon is to be paid $2,000 a year. The sanitary restrictions do not apply to swine, but to all other kinds of live stock.

Mr. Trout's bill to encourage the breeding of improved stock was read a second time, and after a motion by Mr. Willard to strike out the emergency clause had been adopted, it was engrossed.

Without objection the bill of Representative Metzger, giving the state board of agriculture an annual appropriation of $10,000, passed from second reading to engrossment, after concurrence in the report of the committee on agriculture recommending that $8,000 of the appropriation for the first year be applied to the liquidation of the board's outstanding indebtedness.

Mr. Langstaff's bill regarding the state statistician to gather statistics relating to labor on various subjects, was read a second time and engrossed. It provides for an additional appropriation of $5,000 a year for the extra expenses.

The Senate Proceedings.

In the senate a bill introduced by Senator Byrd was passed, legalizing the records of circuit and superior courts.

Afterward the standing committees reported. The committee on roads and highways recommended the indefinite postponement of Senator Hubbell's bill for the improvement of public highways. A similar report was made by the committee on fees and salaries; on Senator Harness's bill concerning the taxation of certain fees by county officers.

The committee on labor recommended the passage of five bills, as follows: Senator Hudson's bill creating a bureau of labor statistics; the bill by Senator Shockney, amending section 959 of the revised statutes; by Senator Barnett, providing for the incorporation of labor organizations; by Senator Shockney, to amend section 703 of the revised statutes, providing for a homestead and exempting it from sale or execution. Senator Hubbell's resolution instructing the committee on labor to prepare a bill covering various matters relating to the protection of the interest of labor was returned to the senate with the request that Senator Hubbell should prepare the bill himself.

Bills were introduced by Senator Barrett, to purify politics; by Senator Francis, appropriating $3,000 for a monument over the grave of Jonathan Jennings; by Senator Urmston, relating to the management of the soldiers' and sailors' orphans' home, and by Senator Francis making it an offense to blacklist discharged employes.

For the Purification of Politics.

Senator Barrett introduced a bill yesterday forbidding the use of money by candidates at primary elections and in nominating conventions. It is entitled "an act to purify politics."

Anxious to Escape Worry.

To escape further worry, the democratic members of the legislature have determined to hold a caucus this evening to nominate a state librarian, and in consequence, the candidates and their friends are rushing around endeavoring to get pledges of more votes, although each of the fourteen aspirants for the position claims to be ahead in the contest.

A Place for Green Smith.

The bill creating the office of insurance commissioner is said to be for the benefit of Green Smith, who will probably be elected by the general assembly to fill the position, which will be his reward for his political services of two years ago. The office will be worth more than the attorney generalship, for which, he was an aspirant. Fear that the bill will be passed is making Bruce Carr sweat blood. He says he thinks the majority's sense of fairness will prevent the passage of the bill.

Salvation Oil, the greatest cure on earth for pain, has no equal. Persons suffering from rheumatism, neuralgia, or from cuts, bruises, sprains, &c., should not be without it. Cures are effected in an incredibly short time. Price only twenty-five cents a bottle. For sale by all druggists.

MUST GO TO PRISON.

Bauereisen, the Chief of the "O." Dynamiters, is Doomed.

GENEVA, Ill., Jan. 23.—John A. Bauereisen, chief the Aurora division of the Brotherhood of Locomotive Engineers, must go to Joliet, unless the supreme court interfere. The motion for a new trial came up before Judge Wilson for decision this morning. The judge decided that Bauereisen was legally convicted of conspiracy against the "O." road and ordered that the two years' sentence found by the jury go into effect.

For Embezzlement.

LAWRENCE, Mass., Jan. 23.—J. H. Prescott, of the firm of Prescott & Cox, lumber dealers, was arrested last night on the charge of embezzling several thousand dollars.

Next to getting married, probably the most important duty the ordinary man has to perform in a life-time is to run for a bottle of Dr. Bull's Cough Syrup when the baby has the croup.

MASKED ROBBERS!

They Attack a Train on the Cincinnati Southern Road, but are Driven Off.

CINCINNATI, Jan. 23.—The Cincinnati Southern train which left here at 8 o'clock last night, was attacked by masked robbers on the eight miles of up grade beyond Ludlow, Ky., but the robbers were driven off the express car. It is not known whether they were hurt or not. It is supposed they got aboard at Cincinnati. There are no particulars, except a message from the conductor at Lexington.

ROBERTSON AGAIN.

The Question of Paying Him Precipitates a Bitter Quarrel in the House.

INDIANAPOLIS, Jan. 23.—The quarrel over the lieutenant governorship question was revived in the house this morning, by the introduction of a resolution requiring the auditor of state to appear before the ways and means committee and state where he had ever paid out any money to Lieutenant Governor Robertson, and if so, out of what funds and by what authority he paid it.

The leaders of the republican side of the house made bitter speeches in opposition to the resolution, declaring that it was introduced for the purpose of irritating old sores.

They stated that the auditor had paid money to Lieutenant Governor Robertson and that it was paid out of the same fund from which all preceding lieutenant governors had been paid.

Mr. Adams said that the democrats, not content with robbing Robertson of his seat, now proposed to take his pocket book.

The resolution was passed by a party vote.

Its passage means that the amount paid Robertson will be stricken from the general appropriation bill, and to open a way for getting the question of whether or not Robertson was really lieutenant governor before the courts.

CONGRESS.

The Tariff Bill Passes the Senate—Business Done.

WASHINGTON, Jan. 23.—After the reading of the journal, the house went into the committee of the whole on the sundry civil appropriation bill.

SENATE.

The tariff bill was passed in the senate yesterday, by a vote of 32 to 30.

In the senate to-day, Mr. Hale reported back with amendments the house bill to provide for taking the eleventh census.

Mr. Sherman reported two amendments to the diplomatic and consular appropriation bill, to protect the interests of the United States in the Samoan islands.

The senate has passed the concurrent resolution providing for the count of the electoral vote for president and vice president in the hall of the house of representatives at 1 o'clock, p. m., on Wednesday, February 13, next.

As a result of the meeting of the foreign relations committee this morning, Mr. Sherman reported to the senate an amendment to the consular and diplomatic appropriation bill to insert the following:

"For the execution of the obligations and the protection of the interests of the United States under the treaty between the United States and the government of the Samoan islands, $200,000 or so much thereof as may be necessary to be expended under the direction of the president. This appropriation to be immediately available."

CONGRESSMAN BURNS.

WASHINGTON, Jan. 23.—Representative Burns, of Missouri, was stricken with paralysis while on the floor of the house, at 2:30 this afternoon. He was at once removed to the house committee room on appropriations and several doctors summoned.

At this hour, 3 o'clock, he is conscious, but his condition is critical.

HUNG HIMSELF.

RUSHVILLE, Ind., Jan. 23.—Thomas Reid, aged fifty-four, living seven miles west of the city, suicided by hanging. His wife discovered him with a rope around his neck and tried to save him. He kicked her in the head and succeeded in killing himself. He had long been afflicted with nervous trouble and was a cousin of Whitelaw Reid.

Rt. Rev. Bishop Dwenger went to South Bend and Notre Dame at noon today.

JOHN WANNAMAKER.

The Philadelphia Merchant, Visits General Harrison.

INDIANAPOLIS, Jan. 23.—John Wannamaker has arrived here. He will return to-night. He is President-elect Harrison's guest. No doubt remains here that he will enter the cabinet either as postmaster general or secretary of the navy.

ASTONISHED THEM.

The Richmond Papers Give the Fort Wayne Visitors a Send Off.

The Richmond *Palladium* has this personal gossip;

"Mayor Muhler and a committee of councilmen of Fort Wayne, consisting of the following gentlemen: J. J. Williams, G. W. Ely, B. S. O'Connor, S. B. Bond, W. W. Worthington, Henry Hilbrecht, Charles Bash, Henry C. Paul, Louis Hazard, D. L. Shordan, visited this city last evening for the purpose of obtaining information regarding our natural gas supply—whether it was satisfactory to our people, its cost, the kind of franchise given the company, the cost of the gas, etc. Fort Wayne, like Richmond, drilled numerous wells in the hope of obtaining natural gas at home, but the effort proving unvailing, it has been determined to pipe gas from Hartford City, and a company has been organized for that purpose.

"At the conclusion of council, Mayor Moore and the members of the council met the gentlemen from Fort Wayne at the Huntington house and assured them that it would be a pleasure to give them any information regarding the use of natural gas in this city, the terms and nature of the contract with the Richmond natural gas company, the ordinance under which the company is acting, etc. The fathers and mayors of the two cities then engaged in a chat on the subject, and the Fort Wayne visitors doubtless received "pointers" that were of value to them.

The visitors were then taken to the city building and shown through all the departments, including the basement, where the furnace that supplies the entire building and the city prison with heat is located. There were then taken to No. 2 engine house and were shown the workings of the fire department by Chief Parsons, and expressed themselves as being highly pleased not only with the completeness of the engine house, but the quick work done in getting ready to respond to an alarm of fire.

"On the invitation of Mr. Elgar Hilberd, secretary of the natural gas works, the party accompanied him to the regulator at the west end of the Dorm bridge, where they were favored with a natural gas display from the stand pipe erected there.

"On returning to the city an alarm of fire was turned in from box 45, Main street, which was responded to promptly and in remarkably short time, the No. 1's making the run in two minutes and two seconds and the No. 2's in one minute and thirty-six seconds.

"The visitors returned home on the 11 o'clock train last night. They expressed themselves as being well pleased with their visit, and the courtesies that had been extended to them."

ANOTHER EFFORT.

Business Men Asked to Subscribe Towards Retaining the Electric Light Works.

Mr. P. A. Randall is interviewing business men and capitalists with a view to interesting them in the movement to retain the Jenney electric light works, in this city. The officers insist that unless something is done the works will go away from Fort Wayne.

Mr. Randall feels that a slight effort on the part of our citizens would save us this industry and he is soliciting subscriptions.

A Wabash Bride and Groom.

WABASH, Ind., Jan. 23.—Miss Nellie King, daughter of G. N. King, a prominent banker here, was married at noon to-day to W. D. Snavelly, deputy county clerk. The ceremony took place at the elegant home of the bride, and was strictly private. Mr. and Mrs. Snavelly left for a wedding tour immediately after the ceremony.

The Lafayette Strike Settled.

LAFAYETTE, Ind., Jan. 23.—Officials of the Lake Erie and Western railroad yesterday afternoon effected a settlement with the striking freight brakemen. The men are to receive ten cents per mile for through freight, and another man is to be added to local crews. Other demands of the strikers were ignored.

The council will meet again to-morrow night to consider the amendments to the natural gas ordinance.

COAL GAS!

From a Small Stove Suffocates Two Sailors in Their Bunks, on a Steamer.

BROOKLYN, Jan. 23.—Daniel Desmond and John Walsh, two deck hands on the steamship Holkein, lying at Martin's Stores, were last night found dead in their bunks, having been suffocated by coal gas, from a small stove in their cabin. Their bodies were removed to the morgue.

CONDENSED TELEGRAMS.

Small pox at nine different places in Michigan.

Eight brick business houses of Unionville, Mo., were destroyed by fire last night, causing a loss of $70,000.

Baby Williams, six months old, saved a whole household of persons from being roasted alive yesterday morning, at New York.

Diphtheria is prevailing to an alarming extent in some parts of Pennsylvania and many deaths are resulting from it.

Victor Beaumont, better known as "Wild Horse Charlie," of New York, is selling out his business in Newburg, preparatory to going to Africa in search of Stanley.

On Monday night, Samuel Hatton, an employe of the Rock Island railroad shops at Riley, Kan., shot and killed Mrs. W. H. Beale, and fatally wounded her two-year-old daughter, who died yesterday.

In the New Jersey assembly, this morning, the bill to adopt the Australian system of voting in that state was favorably reported. In the joint session the re-election of United States Senator McPherson was formally announced.

HOME GOSSIP.

Mrs. C. D. Law went to Chicago today.

Mr. M. W. Simons, of Plymouth, is a guest of the Wayne.

Franklin G. Zeis and Clara E. Miller have been licensed to wed.

Miss Randall's advance dancing class will meet this evening at the hall.

Mrs. James Humphrey, of Bluffton, was in the city to-day on a shopping tour.

Mr. J. C. Lilly, of Pierceton, Ind., is visiting relatives in the city for a few days.

Miss Bertha Hirsch, a soloslady in the employ of Louis Wolf & Co., is visiting relatives in Chicago.

Miss Florence Messimore, of Sydney, Ind., is the guest of Miss Estella Thompson, of South Wayne.

The Scottish Rite Convocation here to-morrow will be the greatest Masonic event in the history of Northern Indiana.

Mr. George Brown observed his birthday anniversary yesterday and his friends gave him an elegant scarf pin. Mr. Brown's age is uncertain.

Hon. Montgomery Hamilton was a a distinguished guest at the council meeting last night. Mr. Hamilton used to grace a seat in the municipal legislature.

This Morton club will give its fashionable weekly reception to-morrow night. Dr. Lambach has a rare musical treat in store for its members and their ladies and guests.

James Fry, who struck Tom Middleton with brass knuckles, at Maples, went before a justice down there and a light fine was assessed, thereby cheating Justice Ryan out of the case.

The council last night transferred the country produce market from Calhoun street to Harrison and Barr streets. As soon as the change is sufficiently advertised, Marshal Meyer says he will enforce the new ordinance.

The Emmet Guards a branch of the Catholic Legion gave a reception and banquet, at the Standard hall, last night. The affair was exclusive and this precludes the possibility of giving it the newspaper mention it deserves.

Mr. Larry Ryan returned from Springfield, Ohio, this morning, and reports that his mother, who suffered from a paralytic stroke, is improving. While there he met a sister who resides in Albert Lea, Minn., and whom he had not seen in fourteen years.

The funeral of Mr. Xavier Vangier took place this morning from the Cathedral, and the old Napoleonic soldier now lies at rest, with an ocean separating him from the land of his birth and battle-fields. Chancellor Lang preached Mr. Vangier's funeral sermon at the Cathedral. He paid tribute to the deceased in French and then repeated his eulogy in English.

TOTAL DEPRAVITY.

A Fort Wayne Girl Forced to Live a Life of Shame by Her Husband at Toledo—A Dark Picture.

The Toledo *News*, of yesterday, publishes a strange story of total depravity in which a Fort Wayne woman figures. Some time ago a man and woman came to that city and registered at the St. James hotel. He was a dudish young man of low stature, with a plug hat, last summer's suit of clothes, and a rather prominent Roman nose. He was accompanied by a neatly dressed lady, and the register showed them to be Mr. Smith and wife. Mr. Smith soon gained the confidence of the guests by his genial and gentlemanly manner, and all thought him a successful insurance agent—the business he professed to be in.

It was soon suspected that Mrs. Smith was not his wife, and that he was living off the proceeds of her shame and disgrace. The parties were expelled from the hotel, and changed from one boarding place to another, and finally got to the Hotel Hamilton, where, for some time, he lived in clover, flirting with the pretty dining-room girls and spoiling bushels of cinnamon-scented tooth-picks.

A reporter got onto the track of the fellow, and learned of the existence of a child about two years of age, who looked upon Smith as its father, and that Mrs. Smith was now in a house of ill-repute, where Mr. Smith had put her.

Last Saturday the child was kidnapped. It was supposed, there being some trouble between Mr. Smith and his wife, he used this method of bringing his wife to time. The reporter learned that Mr. and Mrs. Smith were married, and that she was in possession of the marriage certificate, also Mr. Smith's insurance policy, made out in her favor; that they came here from Fort Wayne, where he was an active member of the Tippecanoe club of that city.

Mrs. Smith next turned up at a house of Mrs. Stevenson, but left there Saturday afternoon for a walk, but before going sent a note containing $5 to Mr. Smith with which to pay his board. She did not return till after 7 o'clock. Being much agitated, her landlady asked her what was the matter. She replied that her husband had taken their child. Miss Stevenson here showed a letter addressed to Mrs. Smith, bearing the postmark of Cincinnati, where she thought Mr. Smith had gone. She said that Mrs. Smith was now stopping at a hotel in Toledo, but would return to her home in Fort Wayne Wednesday.

It is rumored that certain prominent Toledoans have been parties to this infamy. The proofs are not yet complete, but what is known is bad enough. The question now is, "who is Mrs. Smith?"

OUR COMING GUESTS.

Mayor Muhler Arranges to Bring the Legislative Party From Richmond in a Special Car.

Mayor Muhler has been very active in arranging a reception for the legislative committees coming to view the school for the feeble minded youths.

He has arranged with President Bughart, of the Grand Rapids and Indiana road, to bring the party from Richmond to Fort Wayne in a special car, and Hon. W. H. Shambaugh telegraphed Mr. Muhler this afternoon that he expected fifty or more in the company from the capital.

The legislators are to be in charge of the Fort Wayne senators and representatives and will go to Richmond Saturday next to see the inmates now temporarily cared for in the insane asylum building there. Saturday afternoon they leave Richmond for Fort Wayne, arriving here in the evening. They will be driven to the Wayne hotel, where a banquet will be spread, and where some fifty business men are expected to greet them around the festal board, on the invitation of the Business Men's exchange.

Mayor Muhler will welcome the visitors to the city and Mr. S. M. Foster will speak for the business men.

Senator Barrett will arrange a number of toasts for the visiting statesmen. The occasion promises to be a most delightful one.

The party will remain with us until Monday, at 1 o'clock, and in the meantime will be shown the sights of the metropolis of Northern Indiana.

Mr. Frank Falker and Mr. O. B. Wiley will accompany the legislative party to this city next Saturday.

The gamblers and crooks driven out of Chicago by the exposures of the *Times*, are flocking to Fort Wayne. These people have no business here and the police should serve on them notice to depart.

WASHBURNE ELECTED

Senator of Minnesota This Morning by a Decisive Ballot—Charges of Bribery.

ST. PAUL, Minn., Jan. 23.—The joint ballot of the house and senate for United States senator resulted, at 1:05 p. m., as follows: W. D. Washburne, 107; Dunnel, 20; Shurt, 9; Wilson, 2. Clapp, 1; Bowen, 1; Judge Rea, 1. The whole number of votes cast were 141; necessary to a choice, seventy-one. Mr. Washburne, having received the necessary number of votes, was declared elected. Charges that money was paid for votes are freely made.

AFTER ALVIN.

Ed. Myerson, of Fort Wayne, Forcing Davis and His Diamonds Into Court.

Mr. Ed. P. Myerson will be readily recalled by Fort Wayne people, having lived here and in his way captured the city.

The New York *Evening Post* says of him:

"The unusual spectacle of a man insisting on being tried on a criminal charge is presented by Edward P. Myerson, the theatrical agent, who was arrested last summer charged with having stolen $100 worth of diamonds from Charles L. Davis, an actor.

"For some reason the prosecution has not been pushed, and Myerson has been pestering the district attorney, asking to be indicted. He was at last accommodated, and was rejoiced yesterday when he was arraigned before Judge Gildersleeve in general sessions and pleaded not guilty.

"His lawyer asked for a speedy trial and it will probably be granted. There is a story back of this that may come out on the trial. Myerson retaliated by having Davis arrested for having improper pictures in his possession and bringing a civil suit for damages, neither of which cases have come to trial.

"The jewelry has been returned, and it is rumored that efforts have been made to compromise with Myerson."

"OUR BOY."

He Matches a Reporter For a Prosecuting Attorney at Indianapolis.

The Indianapolis *Journal* says:

"It was understood that a convention of prosecuting attorneys from the different counties of this commonwealth would meet at English's hotel, yesterday afternoon, to consider a proposed reduction of their fees by the legislature, but a call at the hotel by a *Journal* reporter only developed the presence of three gentlemen of the class referred to, and all of them evinced a vigorous disinclination to being considered a convention of any kind. J. M. Robinson, of Fort Wayne, who has recently been elected the prosecuting attorney for Allen county, and who was apparently under the misguided impression that the reporter was a prosecutor, gave him a hearty welcome at first, but relapsed into a condition of strained deportment when apprised of his mistake. He said he had not heard of any meetings of state's attorneys. He had understood that there was some talk of a meeting of city attorneys, but was not apprised of the particulars. The meeting of the trio present was a sort of an accidental, informal affair, without any preconceived understanding, and was destitute of any views, purposes or information.

ANNUAL REPORTS.

The annual reports of the mayor, city clerk, city treasurer, city civil engineer, street commissioner, chief of fire department, weighmaster, marketmaster, trustees of the water works and secretary of the executive committee of the board of health (which are printed in full in pamphlet form and are attached to and made a part of these records) were presented and on motion were referred to the proper committees.

REPORT OF CITY TREASURER.

In connection with my annual report submitted to-night, I wish to explain that previous to the year 1883 the report was made on the first day of April, but according to the resolution of the council this report was changed to January 1 of each year. In making out the last annual report for 1887, the pay role of December salaries was paid on January 1, and entered accordingly in January, or the next year's report. This year the december pay roll was paid on the 31st of December and was as it should be entered in the December report and in this years annual reports. This is right and proper, because the pay roll of December, 1888, is a part of this years expenses and should not be charged to the year 1889.

REPORT OF STREET COMMISSIONER.

Permit me to suggest to your honorable body that when the spring opens it will be necessary for the city to have fifteen or twenty car loads of fine broken stone for the purpose of repairing the macadamized streets of the city as they are getting in very bad condition.

I would further suggest that in the event of the city purchasing a street sweeper in the coming spring I think it would be advisable for the city to own a team of horses to work said street sweeper, and to do other work connected with the street department, as I believe it would pay the city in the end.

DENNIS O'BRIEN,
Street Commissioner.

Referred to the committee on streets and alleys.

RESOLUTIONS.

Resolved, That the committee on streets and alleys be and they are hereby instructed to purchase two car loads of broken stone to be used in repairing macadamized streets.

H. A. READ.

Adopted.

Resolved, That the chief of the fire department be and he is hereby instructed to advertise for the purchase of a heavy active team of horses suitable for an engine team.

H. A. READ.

Adopted.

Resolved, That the committee on public grounds and buildings be instructed to release the office of the city civil engineer for the period of one year at the former price, not to exceed nine dollars per month.

W. DOEHRMAN.

Adopted.

Resolved, That the street commissioner be and he is hereby instructed to try and clean the Ewing street sewer, according to the plans to be furnished by the city civil engineer, and if, in the opinion of said street commissioner that said sewer can be cleaned according to the plan of the city engineer, that he will report to the council the probable cost of cleaning said sewer.

H. A. READ.

Referred to the committee on sewers and streets committee, with power to act.

Whereas, The property lying on the west side of Wells street and near the St. Mary's river bridge is very low and is subject to frequent overflow; and,

Whereas, It is and would be very expensive to maintain a brick side abutting the street in front of the property owned by Mr. S. Carey Evans; therefore, be it

Resolved, That consent, permission and authority is hereby granted S. Carey Evans to build a plank sidewalk in front of his property lying west of and abutting Wells street.

GEO. W. ELY.

Resolved, That the street commissioner be and he is hereby instructed to give ten days notice to the property owners abutting on Greeley street to remove all obstructions from said Greeley street between the east line of Hugh B. Reed's addition to Ewing street.

L. P. HUSER.

Adopted.

Resolved, That the committee on streets and alleys be and they are hereby instructed to report to the council, as soon as can be learned, the best place to purchase a street sweeping machine.

H. A. READ.

Adopted.

Whereas, The proposition to pipe natural gas into our city and the visits of our citizens to those cities already having natural gas has caused the question to be agitated among our people and it is believed by a great many that were the proper effort made and the proper parties employed, that natural gas can be secured near our own city. Therefore, be it

Resolved, That the mayor appoint a special committee of five members of this council, whose duties it shall be to thoroughly investigate the feasibility of the cities boring its own wells to ascertain the probable cost of said wells and such other information as may be of benefit to the city.

W. D. MEYER.

The Experience of Mrs. Peters.

Mrs. Peters had ills,
Mrs. Peters had chills,
Mrs. Peters was sure she was going to die;
They dosed her with pills,
With powders and squills,
With remedies wet, and with remedies dry.
Many medicines lured her,
But none of them cured her,
Their names and their number nobody could tell;
And she soon might have died,
But some "Pellets" were tried,
That acted like magic, and then she got well.

The magic "Pellets" were Dr. Pierce's Pleasant Purgative Pellets (the original Little Liver Pills). They cured Mrs. Peters, and now she would't be without them.

A CURIOUS problem was presented to Pittsburgh and Allegheny City when the use of natural gas became general in the twin cities. It had been the custom of the householders to dispose of the most of the garbage and refuse by burning it in the kitchen range. The use of fuel gas at once prohibited this. Not a wisp of straw nor a match can be tossed into a gas grate or range, much less even the smallest portion of vegetable matter. To meet this emergency a garbage and refuse cremation company was established and a crematory built. The company has its carts which make rounds regularly, and householders who can pay for the privilege have their refuse cans as regularly in waiting. Their contents are conveyed to the huge furnaces, and speedily converted into another combination of particles.

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating — **Sick Headache**

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for
Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and
Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that Skin Diseases are caused by impure blood, which is not true. They have their cause in an unhealthy state of the skin. TAR-OID restores this action, hence it cures every form of Skin Disease, also sores, burns, etc. Its soothing and wonderfully healing—gratifying results follow in every case. It is guaranteed and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

WORTHY WORK.

Report of the Work of the Ladies' Relief Union.

At the meeting of the Ladies' Relief union, at the Y. M. C. A. building, yesterday, the superintendent, Mrs. Eckels, read the following report:

To those less intimately acquainted with the every day life of the society and to our new friends, a brief sketch of the work for the last three months may not be without interest.

With the fall and winter the number of calls for assistance increase. Now is the time when children start to school and clothing, shoes and books are in demand, work becomes scarcer and those who have barely succeeded in making a living during the summer find themselves without the means for procuring the necessaries of life and occasionally at this time sickness enters the home. It is in such cases as these that the assistance of the Relief union is most serviceable.

As examples of the many cases which have come to our notice a few are here given. The first is that of a family living in the eastern part of the city.

When visited the woman was found putting on the boiler to wash, and her babe, not two weeks old, crying lustily, and two other small children were playing about. When questioned she said that they had come here from another state and although her husband was industrious, he had been out of work for four weeks, having formerly been employed as teamster for a wood yard.

Another is that of a widow with four children, the oldest of which is deprived of schooling, as it is necessary for her to remain at home in charge of the smaller ones, one of which—a boy of eight years—is a deaf mute, while the mother is engaged in picking rags for $1.40 per week.

Another is that of a family of three —the father disabled for three months by rheumatism, and during this time the mother in bed with fever; the son a boy of seventeen years, who is learning the tailor trade is their only support, his earnings amounting to $2.50 per week.

Besides the regular subscriptions for supplying these needs various other methods have been resorted to for raising funds. A dinner was given upon the day of Mr. Thurman's visit to the city, by which a goodly sum was realized. Later, by invitation, the members of this society united with the ladies' auxiliary of the Y. M. C. A. in giving an annual supper at their rooms. This was pleasant and profitable and the receipts were equally divided between the two societies.

Just before Thanksgiving an appeal was made through the churches of the city for supplies of all kinds, which was very generously responded to. Besides providing good Thanksgiving dinners for a number of families, an abundance of clothing and provisions was left for winter supplies, and these are given out to applicants at the office, which is open every week day from 10 o'clock to noon.

As the holidays approached, the proprietor of one of the city papers suggested the idea of a Santa Claus fund, which was to be raised by voluntary donations of the children of the city, and used for buying presents for the children of the poor. This plan was heartily entered into by the children, and their offerings promptly found their way into the treasury. Then members of this society were chosen to purchase and arrange the presents for distribution. This they did, using the money, about $80, for the purchasing of books, toys, &c., and selecting suitable presents for the children in forty (40 families, and marking the name and address on each package, all of which were sent out on Christmas eve.

The industrial school, which was opened in 1884, and has, with the exception of a few weeks, during the scarlet fever epidemic and the midsummer vacations, been carried on without interruption since its organization, is still conducted every Saturday afternoon. Although the object, which is to give instruction in sewing, neatness, &c., to girls whose mothers are unable either from lack of knowledge or time, to teach them, has been much retarded by the inconvenience of the rooms and location; yet the results have not been altogether unsatisfactory. For the last year the number of pupils has been limited to thirty, and new applicants were refused admission until more commodious apartments could be procured. At the beginning of the winter, after conferring with the Y. W. C. T. U., which has the kitchen garden for teaching housework under its control, it was proposed to join with them in renting a hall which could be used by both, and the girls of the industrial school have instruction in kitchen garden work also. This proposition met with the approval of all, and Arion Hall was secured at an expense, including fuel, piano rent, &c., for six months, of about $100, this expense to be borne in equal shares by the two societies.

The receipts from the sale of articles made by the pupils have been used for purchasing more materials.

Anyone completing a garment has the privilege of purchasing the same at a nominal price.

CURES SWINNEY, SADDLE AND HARNESS SORES IN HORSES & MULES!

A BANKER in Lille, France, had the misfortune to wet eighteen bills of the Bank of France, and in order to dry them he placed them on a board at an open window where the sun shone upon them. They dried more rapidly than was anticipated. A gust of wind carried them into the street, where, unfortunately, a goat picking up odds and ends at once captured the bank bills and swallowed them. The goat was purchased and the bills secured in a very dilapidated condition, but the Bank of France recognized its obligations and redeemed them.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly remarkable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

THE life insurance companies of this country charge negroes one-third higher premiums than they do other people according to a New York paper.

Ayer's Pills cure constipation, improve the appetite, promote digestion, restore healthy action, and regulate every function. This medicine is pleasant to take and gentle in its operation. See article in Ayer's Almanac.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O13dcod4m-weow15t

ECZEMA CAN BE CURED.

The most agonizing, humiliating, itching, scaly, and burning Eczemas are cured by the Cuticura Remedies, when physicians and all other remedies fail.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your Cuticura Remedies so highly recommended, concluded to give them a trial, using the Cuticura and Cuticura Soap externally, and Resolvent internally for four months. I call myself cured, in gratitude for which I make this public statement.

MRS. CLARA A. FREDERICK.
Broad Brook, Conn.

Eczema Three Years Cured.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Resolvent.

J. W. ADAMS, Newark, O.

Eczema on Baby Cured.

My baby has been troubled with eczema on his face, neck, head, ears, and entire body. He was one mass of scabs, and we were obliged to tie his hands to prevent his scratching. I have spent dollars on remedies without effect, but after using one box of Cuticura and one cake of Cuticura Soap, the child is entirely cured. I cannot thank you enough for them.

Eczema on Hands Cured.

Two years and a half ago Salt Rheum broke out on my right hand. It appeared in white blisters, attended by terrible itching, and gradually spread until it covered the entire back of the hand. The disease next appeared on my left hand. I tried many remedies, but could find no cure until I obtained the Cuticura Remedies, which effected a speedy and permanent cure.

A WORD ABOUT CATARRH.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established it eats into the very vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings, leading to a fatal termination. Sanford's Radical Cure, by inhalation and by internal administration, has never failed; even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly driven out."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one improved Inhaler, neatly wrapped in one package, with full directions; price, $1.00.

To Assist Nature

In restoring diseased or wasted tissue is all that any medicine can do. In pulmonary affections, such as Colds, Bronchitis, and Consumption, the mucous membrane first becomes inflamed, then accumulations form in the air-cells of the lungs, followed by tubercles, and, finally, destruction of the tissue. It is plain, therefore, that, until the hacking cough is relieved, the bronchial tubes can have no opportunity to heal. Ayer's Cherry Pectoral

Soothes and Heals

the inflamed membrane, arrests the wasting process, and leaves no injurious results. This is why it is more highly esteemed than any other pulmonary specific.

L. D. Bixby, of Bartonsville, Vt., writes: "Four years ago I took a severe cold, which was followed by a terrible cough. I was very sick, and confined to my bed about four months. My physician finally said I was in consumption, and that he could not help me. One of my neighbors advised me to try Ayer's Cherry Pectoral. I did so, and before I had taken half a bottle was able to go out. By the time I had finished the bottle I was well, and have remained so ever since."

Alonzo P. Daggett, of Smyrna Mills, Me., writes: "Six years ago, I was a travelling salesman, and at that time was suffering with

Lung Trouble.

For months I was unable to rest nights. I could seldom lie down, had frequent choking spells, and was often compelled to seek the open air for relief. I was induced to try Ayer's Cherry Pectoral, which helped me. Its continued use has entirely cured me, and, I believe, saved my life."

"The Gladstone" LAMP

Is the finest lamp in the world. It gives a pure, soft, brilliant white light of 85 candle power,—a marvelous light from ordinary oil! Nobody ever supposed such a light was possible from kerosene oil; yet it is there, and

Seeing Is Believing

A "wonderful lamp" it is in all respects. It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil;" no gumming up, no leaks, no sputtering, no climbing of the flame, no annoyance of any kind, and cannot explode. And then, beside all these advantages, think of a lamp giving a clear, white light, 16 to 20 times the size and brilliancy of any ordinary house lamp!

"The Gladstone" is made of high-grade, hard rolled metal (all parts interchangeable), and in elegant designs for Dining or Parlor Table, the Study, Drawing-room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. Every home should have it.

Illustrated price list will be sent you on receipt of a postal card. Single lamps at wholesale price, with or without porcelain shade, carefully boxed and sent by express to any part of the country.

☞ See our prices and then order. "Seeing is believing." Address Gladstone Lamp Co., 10 East 14th St., New York City. A live agent wanted in every town to sell these lamps.

Supt. P. S. O'Rourke, of the Grand Rapids and Indiana railroad, is at Grand Rapids.

The Minnesota legislature wants to do away with the common stove in railroad passenger cars.

Max Claus, of the Bass moulding rooms, was attending the wedding of a friend last night.

The railroad watch tower on Hanna street, near the Bass works, is gradually approaching completion.

T. R. Pickard, superintendent of the Bass foundry and machine works, has returned from St. Louis.

J. A. Sheppard, passenger agent of the great Rock Island and Albert Lea routes, with headquarters at Chicago, is in the city.

Art Dougal, clerk at the Bass works, will recite one of Burns' poems at the celebration of the poet's birthday Friday evening.

James Quilliman, a clerk employed in Mr. Meegan's office at the Pittsburg shops, is off duty on account of inflammation of the eyes.

Charley Sossenheimer, clerk at the Pittsburg copper shops, and a very pleasant fellow, too, is anxious for the spring days to come.

Frank Freedman, of the Bass moulding rooms, was married last evening and gave a very pleasant reception to the boys at the works.

Colonel Harry Crawford says that the whole of the Wabash system will be taken out of the hands of the receivers, and turned over to the purchasing committee by the middle of March.

John Brown, of the Pittsburg storekeeper's office, is an enthusiastic admirer of Bobbie Burns. Mr. Brown was born and raised in Scotland, and has good reason to feel proud of his native country's bard.

The Railroad Building, Loan and Savings association met last night, at Rathbone hall, and loaned out to the highest bidder the accumulated surplus. F. D. Cassanave is president, Charles Howny secretary and C. Hottlar treasurer.

Frank Robinson, superintendent of motive power of the Maine Central road, has been offered $4,000 a year to go to Persia to accept a similar position on a Persian road. This road has contracted in Philadelphia for locomotives and other heavy rolling stock.

Receiver McNulta, of the Wabash, has been given permission by the United States court to purchase 6,000 tons of steel rails and to expend therefor and in laying them $125,000 this year. He was also authorized to have constructed three new mail cars, to cost $10,500.

E. A. Ford, general passenger agent of the Pennsylvania lines west of Pittsburg, and H. R. Dering, assistant general passenger agent, who have been on the Pacific coast for a couple of weeks, left San Francisco on Friday last for the east. They are expected home on Thursday.

The master mechanic of the Chicago and Eastern Illinois road has invented a device which he calls the "air locomotive bell ringer." All the engineer does is to turn on the air when the engine approaches a crossing or any other place where it is necessary to ring the bell, and it rings. It is a simple affair, costing only $15 to put it on a locomotive.

Gus Guerrero, the champion runner of the world, passed through the city last evening on a Pittsburg train, bound for San Francisco, where he is to engage in a match. He gave an exhibition of his speed at the depot. He is a fine looking athlete and has a record for running 300 miles in forty-eight hours. He can beat a horse in that distance by 108 miles.

Engineer James McMullen, of the Pittsburg road, had an experience while on one of his regular runs the other evening. As his train was speeding along the track in the darkness, near Warsaw, west of this city, it ran over a dark object that gave utterance to a fearful death shriek as it was crushed by the wheels. Believing that he had killed a man, he stopped his train and ran back to the place where the mangled remains were laying alongside the track. He dismounted and went to the spot and found they were only those of a dog. Saddened by the thought that he had even unintentionally taken the life of a dumb brute, he resumed his run, and as he tells the story, one can see that he is visibly affected by his experience of that night. Only a dog! But it was somebody's pet and somebody mourns its death.

LEGISLATIVE PROCEEDINGS.

The New and Important Bills Introduced Yesterday—Favorable Action on the Old Bills.

INDIANAPOLIS, Ind., Jan. 23.—After the trick of the republican representative, Nugent, of Evansville, to vote for local option Monday, and have the house journal show that he voted against it in order to fool his brewery constituency at home, was exposed, the house got down to business.

House bill number 137 was taken up where it was left off yesterday afternoon. The bill authorizes the burial of indigent soldiers of the state at an expense not to exceed $35. The favorable report of the committee was adopted.

Twenty-five hundred dollars per year is the salary which is provided for the wardens of the state prison in a measure introduced by Mr. Beasley.

Bill No. 70, designed to prevent slander, was reported upon favorably by the committee on rights and privileges. It provides a fine of from $5 to $500 and imprisonment not to exceed six months upon conviction of slander. The repeater of a slander is made an offender on the same terms as the original slanderer.

McGovney's bill for the removal of driftwood from streams was recommended to pass by the committee to which it was referred, and, after a second reading, was engrossed. The committee on rights and privileges reported favorably on the bill of Mr. Hess, making it unlawful to destroy or withhold from their owners discharges and other papers of ex-soldiers. Mr. Hess explained that the bill is meant for the relief of soldiers' and sailors' widows who have placed their papers in the hands of pension agents and now can not get them again. The agents have in scores of cases held those documents, which are valued very highly by their owners, in order to compel the owners to re-employ them in case of other claims arising against the government in which legal aid is necessary. The bill was engrossed.

Representative Metzger's bill requiring owners of traction engines, when running over streets or highways, to send ahead a man fifty yards in advance to give warnings to drivers of teams of the approach of the engine, was read a second time, together with the favorable report of the committee. Mr. Willard moved that the emergency clause should be stricken out, as it was not customary to attach an emergency clause to bills prescribing penalties. The proposed amendment was accepted by the author of the bill.

Another bill that passed through second reading to engrossment was the one introduced by Representative Custer creating a live stock sanitary commission, composed of three members, who shall be elected by the general assembly; a state veterinary surgeon to be chosen in the same way. The salary of the commissioners is fixed at $4 a day, while employed, together with allowance of expenses, and the veterinary surgeon is to be paid $2,000 a year. The sanitary restrictions do not apply to swine, but to all other kinds of live stock.

Mr. Trout's bill to encourage the breeding of improved stock was read a second time, and after a motion by Mr. Willard to strike out the emergency clause had been adopted, it was engrossed.

Without objection the bill of Representative Metzger, giving the state board of agriculture an annual appropriation of $10,000, passed from second reading to engrossment, after concurrence in the report of the committee on agriculture recommending that $8,000 of the appropriation for the first year be applied to the liquidation of the board's outstanding indebtedness.

Mr. Langstaff's bill regarding the state statistician to gather statistics relating to labor on various subjects, was read a second time and engrossed. It provides for an additional appropriation of $5,000 a year for the extra expenses.

The Senate Proceedings.

In the senate a bill introduced by Senator Byrd was passed, legalizing the records of circuit and superior courts.

Afterward the standing committees reported. The committee on roads and highways recommended the indefinite postponement of Senator Hubbell's bill for the improvement of public highways. A similar report was made by the committee on fees and salaries; on Senator Harness's bill concerning the taxation of certain fees by county officers.

The committee on labor recommended the passage of five bills, as follows: Senator Hudson's bill creating a bureau of labor statistics; the bill by Senator Shockney, amending section 959 of the revised statutes; by Senator Barrett, providing for the incorporation of labor organizations; by Senator Shockney, to amend section 703 of the revised statutes, providing for a homestead and exempting it from sale or execution. Senator Hubbell's resolution instructing the committee on labor to prepare a bill covering various matters relating to the protection of the interest of labor was returned to the senate with the request that Senator Hubbell should prepare the bill himself.

Bills were introduced by Senator Barrett, to purify politics; by Senator Francis, appropriating $3,000 for a monument over the grave of Jonathan Jennings; by Senator Urmston, relating to the management of the soldiers' and sailors' orphans' home, and by Senator Francis making it an offense to blacklist discharged employes.

For the Purification of Politics.

Senator Barrett introduced a bill yesterday forbidding the use of money by candidates at primary elections and in nominating conventions. It is entitled "an act to purify politics."

Anxious to Escape Worry.

To escape further worry, the democratic members of the legislature have determined to hold a caucus this evening to nominate a state librarian, and in consequence, the candidates and their friends are rushing around endeavoring to get pledges of more votes, although each of the fourteen aspirants for the position claims to be ahead in the contest.

A Place for Green Smith.

The bill creating the office of insurance commissioner is said to be for the benefit of Green Smith, who will probably be elected by the general assembly to fill the position, which will be his reward for his political services of two years ago. The office will be worth more than the attorney generalship, for which, he was an aspirant. Fear that the bill will be passed is making Bruce Carr sweat blood. He says he thinks the majority's sense of fairness will prevent the passage of the bill.
